

For 75 years, we've been connecting people and possibility

"When we first proposed HomeShare to Bernie, he was hesitant. But with health concerns associated with loneliness, we wanted to do something.

Cale is now part of Bernie's life and we know it was the right decision."

HomeShare for Owners

Here for community

HomeShare for Owners

HomeShare matches older people who are living alone with a younger person who will provide companionship in return for affordable accommodation.

The presence of a younger sharer in your home can give you peace of mind and the ability to live at home longer.

For older people living alone, HomeShare provides:

Safety and peace of mind

All applicants undergo a police and reference check and interviews prior to a match.

Companionship

Sharers will provide an hour or two of company each day to share wisdom, skills and knowledge.

Help around the home

You will have someone who can help with light chores, cooking or taking out the rubbish.

Choice and flexibility

You decide who you want to share your home with. You will get to know them before making a decision.

Support the community

Enable someone to live in a safe, comfortable home, where they may not have had the opportunity on their own.

Holdsworth care

Imagine the possibilities if an older Australian living alone was carefully matched with someone who could help around the house and lend a friendly ear in exchange for affordable accommodation.

Companionship, care, peace of mind and independence. Maybe even a few laughs.

We are with you throughout the whole process, even after a Sharer moves in. Our HomeShare Coordinator is with you every step of the way:

- Work with you to meet your needs
- Match you with a like-minded person
- Set up initial meetings
- Shape an agreement together
- Check in each month
- Help end a match at any time

Getting started

HomeShare might be right for you if you are retired, living alone and have a spare bedroom.
